Advertising Logo Will Identify Businesses That Are Golf-Cart Accessible

Want to make sure you can get to a store or eatery that is golf-cart accessible?

Be sure to check for the specific "logo" in Daily Sun advertising that indicates you can arrive at a business that welcomes you and your golf cart.

The logo that will appear in advertising will let readers know that a business is both golf-cart accessible and charter-school eligible.

Every day, the Daily Sun publishes a host of information about the many types of businesses in The Villages®, including restaurants, clothing merchandisers, salons, golf shops, grocery stores and furniture suppliers.

Check the advertisements for the special logo that indicates that the business in which you are interested welcomes golf carts.

LAKE COUNTY SHERIFF'S OFFICE

PEYTON C. GRINNELL, SHERIFF

The Lake County Sheriff's Office is proud to provide the SafetyNet program to our residents. SafetyNet technology offers peace of mind to caregivers and family of those affected by cognitive disorders such as Alzheimer's disease or Autism Spectrum Disorder who may be prone to wander. A member of our Community Engagement division would be happy to speak with you in person if you believe this program may be right for you and your family.

WHO qualifies for SafetyNet?

Tracking Systems

- Lake County Resident
- Does not Drive
- Full Time Caregiver
- Diagnosed with a Cognitive Disorder (i.e. Alzheimer's and Autism)

IF A LOVED ONE DOES GO MISSING

A caregiver calls the Lake County Sheriff's Office and gives the client's name, assigned frequency number and other pertinent information relating to the incident. Trained personnel will respond and utilize the SafetyNet equipment to pick up the signal from the transmitter and locate the missing person.

PATIENT-CENTERED CARE

We believe in care that is patient-focused rather than problem-focused.

MULTI-SPECIALTY NETWORK IN THE LOCAL COMMUNITY

We closely work with a large network of board-certified specialty providers.

NO SALES POLICY

We only offer an unbiased opinion of the best treatment option as we have no products to push or sell.

We believe that **SURGICAL INTERVENTION**, such as Mohs Micrographic Surgery, remains to be the most effective technique with the highest cure rate (99%) when treating skin cancers.
